Homicide Investigation

The Birmingham Police Department reports detectives are conducting a homicide investigation. The incident occurred on Sunday, November 7, 2021, at 1710 Avenue D Ensley.

The victim has been identified as Jeremy Managan, (35), b/m of Birmingham, Alabama.

At approximately 1:39 a.m., officers from the West Precinct responded to a call of a person shot a night club known as GMV Club. Upon arrival officers found three people suffering from gunshot wounds. The victims were transported to UAB Hospital. Officers were also notified that a fourth victim was transported to UAB hospital from another location who was wounded at the GMV Club. Detectives were later notified by UAB Hospital staff that Jeremy Managan succumb to his injuries. The other victim's injuries were non-life threatening.

The preliminary investigation indicates an altercation inside the club lead to gunfire. The investigation is ongoing. Updates will be provided as this case develops.

If there is anyone who has information pertaining to the case, please contact the B.P.D. Homicide Unit @ 205-254-1764 or **Crime Stoppers @ 205-254-7777**.

Anonymous tips can also be submitted to Crime Stoppers through the Birmingham Police Department's Mobile App on Android or IOS devices. Updates will be provided as information comes available.

This is Birmingham's 90th murder investigation of 2021 with 12 justifiable death Investigations). The Birmingham Police Department adheres to FBI Uniform Crime Reporting guidelines set for all law enforcement agencies across the United States. FBI Uniform Crime Reporting guidelines do not require law enforcement agencies to include justifiable death investigations into the total homicide investigations counts.

****The information is based on a preliminary and ongoing investigation, which continues to evolve as investigators interview witnesses, review physical and electronic records, and analyze forensic evidence. The Department's understanding of the facts and circumstances may change as additional evidence is collected and analyzed****
